Referring to Proposed Court Rule No. 2003-47

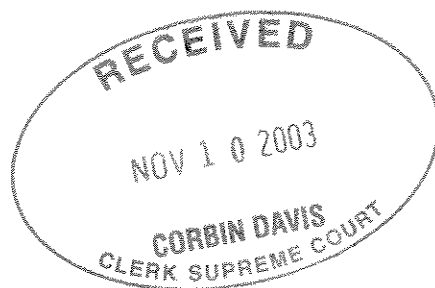

To whom it may concern:

I am against this illegal unconstitutional and brazenly political attempt to rob me and others with Asbestos lung disease of our right to trial by jury?

The Michigan Constitution as well as the United State Constitution makes it clear that judges are not to make the laws but rather interpret the law. Why is the Michigan Supreme court even considering taking steps that would effectively change the law by denying Michigan asbestos disease victims their rights to a jury trial.

The real crisis in Michigan is the failure of corporations to take responsibility for their bad actions and the willingness of big business and certain conservative republican judges to blame the victims of corporate misconduct instead of holding the corporations accountable.

Without your immediate help, the asbestos victims' proposed "Court Rule" could actually succeed. The Supreme Court of Michigan is dominated by conservatives who might take any opportunity to further deny working class citizens of Michigan their constitutional rights.

Very truly yours,
Melvin Liddell
